

September 13, 2016

The Honorable Thomas Wheeler
Chairman
Federal Communications Commission
445 12th Street, SW
Washington, DC 20554

Dear Chairman Wheeler:

On May 2, 2016 the Federal Communications Commission (FCC) issued a Further Notice of Proposed Rulemaking (FNPRM) dealing with business data services. As a small business owner I write to share my concerns about the flawed process that has been used on this matter.

It has been brought to my attention the FCC staff failed to use all the available data in making there decisions. There is newer information that should be included before proceeding. With the complete data the Commission will be in a much better position to make a fair decision for all, especially small businesses.

Having the best business data services possible will greatly assist my firm. That is why I wanted you to know of my concerns.

Please look further into this issue so that the complete picture is available as you move forward.

Thank you in advance for your assistance.

Sincerely,

Sharon Castle, President
